IDO BEN NUN

SOFTWARE ENGINEER

+972 53 931 5710 | idobenoun@gmail.com | linkedin.com/in/idobn | github.com/idobe2

SUMMARY

Software Engineering graduate with proven expertise in full-stack development, gaming hardware, and software systems. Passionate about solving complex problems, continuously learning, and thriving in dynamic, collaborative environments. Skilled in delivering high-performance solutions, managing technical projects, and building cutting-edge systems that drive efficiency and innovation.

EDUCATION

2020 - 2024

Bachelor of Science in Software Engineering
SCE - Sami Shamoon College of Engineering

SKILLS

- **Programming Languages:** JavaScript, TypeScript, Python
- **Frameworks & Libraries:** React, React Native, Node.js, Express
- **Databases:** MongoDB, Firebase
- **Tools & Platforms:** Git, Docker, Kubernetes, Jira, Confluence, CircleCI
- **Soft Skills:** Leadership, Problem Solving, Team Collaboration, Adaptability

PROJECTS

Tripy
- **Description:** Developed a personalized trip-planning application that leverages user preferences to generate dynamic travel itineraries.
- **Technologies:** React Native, Node.js, Express, Firebase
- **Highlights:**
  - Implemented a robust backend with Node.js and Firebase for real-time data handling.
  - Enhanced user experience through seamless integration and responsive design.

Secure File Storage System
- **Description:** Built an encrypted file storage platform, ensuring top-tier data protection and user privacy.
- **Technologies:** React, Node.js, Express, Firebase
- **Highlights:**
  - Integrated AES encryption for secure file uploads and seamless data retrieval.
  - Enhanced usability and data privacy for modern cloud-based applications.

WORK EXPERIENCE

IT Lab Manager | King Games
- Oversaw computer lab operations and coordinated team activities to ensure smooth workflows.
- Gained expertise in hardware solutions and system assembly, optimizing performance for premium computers.

ADDITIONAL INFORMATION

- **Military Service:** Full service in the Military Police as an operations sergeant.
- **Languages:** English, Hebrew
